

SSE is a Proud Sponsor of the Honduran Street Party Run and the Just Because We Care organization!

More about the race...

All proceeds benefit Just Because We Care, a St. Charles-based organization that provides food, education, clothing, shelter and basic medical care to schoolchildren in a small mountain village near Guyamitas in Northern Honduras. Founded by Bob and Diane Wamhoff in 2003, Just Because now cares for 152 children in the elementary school run by the charity, and 45 high school students. Just Because is proud to now be sending 8 students to college, the first to receive higher education on the mountain. These children will help us break the cycle of poverty.

While you strive to improve your running performance ... we strive to improve your business performance!
